

Fly case

DAY UNITS

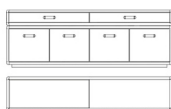

A refined and original composition where the symmetry of the elements combines with the irregularity of the giraffe embroideries, which characterize the leather doors. Flycase sideboard belongs to the "flycase" series, inspired by the protective containers used for the transport of fragile tools and it's a functional and dynamic solution with a strong contemporary and decorative appeal.

Fly case

DAY UNITS

Structure in multilayer wood covered with leathers from the collection or in oak col. glossy wengé. Metal details available in all the finishings from the collection. Optional hexagonal, lozenge or Uma quilted leather.
